

Prop Making with Kim

Prop Class Schedule - Wednesdays 6:30PM-7:30PM

May 20th: Puppet Making- Learn to make puppet heads with easy to find materials.

Materials needed

- 1/2" upholstery foam (Walmart)
- Contact cement (Hardware stores or Walmart) **this will be used in later classes**
- Firm cardboard (amazon prime box) or poster board (Dollar Store)
- Scissors
- Box cutter (Dollar Store, Walmart, or Hardware stores)
- Printed patterns A,B, & C (emailed)
- Sharpie
- Anti-pill fleece. Any color.
- Sewing machine (optional)

Recommended:

- Mask
- Gloves

Well ventilated area. This is important cause the contact cement (glue) has very strong fumes.

Please be safe.

May 27th: Texture Day—Get a lesson in different painting effects to get wood grain, aging and rusted metal looks.

Materials : TBA

June 3rd: Shaping EVA foam.- Going over ways to shape EVA foam for armor or prop pieces and the tools you would use.

Materials : TBA

June 10th: Prop Weapon Building— We will use most of the skills learned over the last few weeks to make a prop axe.

Materials : TBA
