

RILEY

So are we going to play or what?

MARCY

There's really no point... because I'm so good it's like why do I even let you get your hopes up when you lose every time!

RILEY

Whatever! (*They play the game again.*)

MARCY

I was looking at apartments in Humboldt and they aren't that expensive. I saw a cute studio and it comes with a patio garden and/ it's super cute.

RILEY

/We love a patio garden!

MARCY

Right?! And so when Dylan and I move up there-

RILEY

Dylan's moving with you?

MARCY

Yeah, Dylan got accepted too! I totally forgot to tell you! There's just been so much going on recently with the acceptance and figuring out how we're gonna pay for everything once we transfer. It's a lot to think about!

RILEY

I bet.

MARCY

But you know how I work in the financial aid office at Community? Well, there is an open position in the fall for a student aid assistant at Humboldt and I got it so I have really great job security while I'm there!

RILEY

That was quick.

MARCY

What do you mean?

RILEY

Well you just found out the other day that you got in and now you already have a new job there? It just all seems to be happening... quick.

MARCY

I mean yeah, you've got to stay a few steps ahead of the game.

RILEY

Yeah. Yeah, you're right. Sorry for making it a thing.

MARCY

It's okay... Are we good?
